SPECIAL PRESS RELEASE: MORGAN COUNTY 4-H FASHION REVUE: 4-H, FABULOUS 50'S... A FASHION EXTRAVAGANZA

Monday, July 26th the Morgan County Fair Fashion Revue went back in time to the 1950's, where various girls competed in Creative and Constructed Clothing categories. In the Creative Clothing category, Tenleigh Lorenzini received Grand Champion. For the Constructed Clothing, Grand Champion was Faye Kelnda and Reserve Grand Champion was Kimber Heid.

Tenleigh Lorenzini wore a fashionable denim outfit that she can use for many occasions. She chose to work with denim because it is comfortable and trendy! She enhanced her denim jacket by adding white lace and pearls to the bottom and adding some bling on the neckline, back yoke, and the shirt cuffs.

Kimber Heid made a fun floral dress for her second year in clothing construction. She picked a pattern that reminded her of the bright and cheery flowers of summer. One of the things Kimber loves most about this dress is the way it moves when she walks.

This year Faye Klenda made a sundress. This dress has a fun black and white swirl pattern. The dress has red buttons on the front that add a pop of color. She also added pockets to the dress. Faye can wear this dress to FBLA events, on game days, or on any summer day.

Unit Champions were:

Intermediate Artistic Clothing: Tenleigh Lorenzini

Junior Clothing Construction: Kimber Heid

Senior Clothing Construction: Faye Klenda

Cloverbud 4-H Members showed decorated t-shirts that they made at a workshop earlier in July. This year they decorated their t-shirts by using stencils and spray paint to create patterns or shapes that they wanted. Cloverbuds participating were Sarah Anderson, Dailiana Gonzales, Evy Lozier, Brody Yoder, and Averie Williams.

The emcee for the evening was Kathy Wood. Fashion Revue Superintendents making the show a success were Kathy Wood and Jennifer Rhode.

Colorado State University Extension programs are available to all without discrimination.

Colorado State University Extension is your local university community connection for research-based information about natural resource management; living well through raising kids, eating right and spending smart; gardening and commercial horticulture; the latest agricultural production technologies and community development. Extension 4-H and youth development programs reach more than 90,000 young people annually, over half in urban communities.
